Assuming David has no objections or concerns, I'm fine moving it to Karl for concurrence. I would note, there is one track change that hasn't been accepted and saved over in the action information sheet. I also saw a number of highlights in the FRN copy where citations are needed, but I assume it's purposeful that they're still there and would be coming later.

Kelley Raymond
Office of Air and Radiation
U.S. Environmental Protection Agency

David, Kelley - the R6 TX FIP is ready for your review. Once reviewed I'll provide it to Karl for his concurrence. The RA has already signed the action memo (attached).

The related OAQPS petition response will be available this week for IO review and concurrence.

Please let me know if you have any questions. Thank you.

Ann Campbell
Chief of Staff
EPA/Office of Air and Radiation
Office: 202 566 1370

Subject: SAN 6979- Texas RH BART FIP FRL# 10010-52-Region 6

TO: THE IMMEDIATE OFFICE FOR REVIEW AND CONCURRENCE ON REGION 6 PACKAGE FOR THE ADMINISTRATOR'S SIGNATURE.

Please find attached "SAN 6979 Texas RH BART FIP" for the Administrator's signature (the FRL # for this action is **FRL-10010-52-Region 6**). The Region 6 Regional Administrator has signed the Transmittal Memo and concurred on the package. Attached you'll find the following documents:

- PDF copy of signed Transmittal Memo
- Federal Register Notice for Administrator's Signature
- Action Information Sheet

There is also a Response to Comments Document that Region 6 is still working on finalizing- this is a type of technical support document, and it does not get signed, it only goes in the rulemaking docket. Region 6 is still working on cleaning up this document, and will be sending us the final version as soon as they have it.

As previously mentioned, there is a separate but related Federal Register Notice of Availability (SAN 7964) that OAQPS is the lead for and that we need to coordinate to ensure that the two Federal Register notices (SAN 6979 and 7964) get signed by the Administrator on the same day, cc'ing Corey Mocka since he is the OAQPS lead for SAN 7964.

REGION 6: Dayana Medina – 214-665-7241
